

4th July celebrations brought America to Switzerland

The ACZ's annual 4th July celebrations were held at the Alte Tobelhof again this year, and brought together around 350 friends of the American culture, of different ages and nationalities.

To mark the occasion, Stars and Stripes accessorized the Tobelhof's festivities' ground, as well as an array of US-themed garments worn by many guests, ranging from the traditional oversize cowboy hat, across to snake skin boots, and I love NY T-shirts!

The evening was officially opened by the Club's President, Ellen Frick-Delman, followed by the national anthem sung by Cheyne Davidson, Baritone of the Zurich Opernhaus.

A rich buffet and dedicated service ensured everyone was well looked after fed before hitting the dance floor to the beats of Bonnie Jeanne Taylor and her band.

The weather-gods were kind to us, despite a sudden breeze taking over the festivities towards the evening. Luckily, the dark wind clouds quickly dispersed and gave way to a cheerful dancing crowd.

Thanks to the generous support from our loyal sponsors we were able to make many eyes sparkle at the tombola draw, as the prizes ranged from long-haul flights to luxurious skincare.

And finally, a breathtaking display of fireworks wrapped up a day full of joy, laughter and tradition!
